Dear Children and Families,

### Welcome Back!

We have all enjoyed a super fun week, meeting up again with our friends and being creative and curious in class. Please look on your Class It's Learning page (or Seesaw for Apple Class) for photos and videos of all the lovely learning that has been going on in school this week.

Have a fantastic weekend all!

Love

Miss Penkett xxx

### The Last Lockdown Home Learning Photos!

Macie has been learning about acids and alkalis by making cakes.

Louise and William both completed 26miles over February, despite the cold and snow to keep their bodies fit and healthy during lockdown. Well done guys!

### School Dinners

Junior parents - please ensure you have your summer menu choices returned by Monday.

If there are any outstanding payments for this term, please could you settle them by the end of next week?

Remember, if your children don't enjoy it, we will offer a full refund.

## Apple class

Here are the Apple class children growing like a seed for our nature lesson, and our hot and cold bee hive.

**Cherry Class** have really enjoyed blowing bubbles inside bubbles, testing the durability of biscuits, and making pictures using natural materials. They also had great fun designing and testing boats to transport the Lighthouse Keeper's lunch to him. They finished the week by making a whole class collage using hot and cold colours'

We love bee-ing back together again!

## Lime class

# WELCOME BACK TO SCHOOL

Beech Class had a rainbow-themed Science morning. We experimented with Skittles to see what made them dissolve more quickly, 'grew our own rainbows' using capillary action, and tested to see how the colours in felt tip pens were mixed by trying to split them up!

We also looked at how soap works to chase the dirt away from surface - very important at the moment.

## Pine class

# WELCOME BACK TO SCHOOL

**Willow Class** have had a fantastic return to school and it has been wonderful to see so many happy, smiling faces. On Monday, we spent the day outside playing team games that allowed us to work with our friends again and solve problems together. We also had a go at orienteering, which was lots of fun. On Tuesday, Mrs Severn visited us and taught how to embroider. We were all amazed at how well we managed! We have also played recorders, danced, sung and been really creative with an art task.
