Assembly. Y6 Parents welcome.

Dear Parents and Carers,

We're really looking forward to seeing you at the parent evening / afternoons after half term. Please look out for the letter later today, with details on how to book from tomorrow morning.

We're also looking forward to seeing you at the workshares next week! Please remember to bring masks with you when you come to any in school events. We have staff and pupils with health risk assessments and need to adhere to risk measures. For this event, if a mask cannot be worn the workshare will take place outside.

Can I remind parents to please make sure you have labelled your jumpers and coats. We often have brand new jumpers / cardigans that we are unable to reunite, as we don't know who they belong to. You don't need to buy labels - a biro can be used on the washing label to write a surname etc, which should last for a good few washes. There are also a lot of items that have been in lost property for some time now. The boxes will be emptied at the end of term in December, so please make sure you look for any missing items before then.

It's Mrs Baptiste's last week next week, as she's starting her maternity leave. We can't wait to meet her new arrival soon! Mrs Adams will be teaching Beech Class full time after October half term.

I hope you all have a lovely weekend.

Mrs J. Manookian

Poppy Appeal 2021

Well done to **Hannah** in Willow class, who received her silver merit award this week!

**Show

care!**

Wyatt did a 2K charity memory walk for Alzheimer's and dementia on Sunday and completed it in 20 minutes. Wow - well done Wyatt!

**Show us your
sport**

Well done to Harry, who was awarded players player of the season for the under 8s at Brentwood Cricket Club.

His team mates voted for Harry to win the award, which he was given at the end of season ceremony.

Parking and driving near the school

PLEASE HELP KEEP OUR CHILDREN AND FAMILIES SAFE

We have been made aware that there are cars parking frequently on yellow lines, making crossing from Carpenters Path over Coram Green dangerous, particularly for our Y6 children who walk alone. We have also had reports of cars mounting the pavements to pass.

Please drive and park considerably, and remind your children to keep close to the fence (rather than close to the kerb) when walking along the paths.

Attendance

Well done to Pine class, who have the best attendance to date, with 99%!

Yr6 – Applications for Secondary School Places

Please remember that if your child is currently in year 6, you have just two weeks left to apply for their senior school place.

You must apply by **31st October 2021**.

<https://www.essex.gov.uk/apply-for-a-secondary-school-place>

This year, each secondary school is hosting their "Welcome Evenings" in different ways. Please check their websites so you do not miss out on any vital information.

Christmas Hampers

We will be collecting donations for the Daily Bread Café Christmas Hampers again this year. Full details of what to include will be sent out next week.

If you would also like to do your own hamper, here are the details.

BACK TO SCHOOL CHALLENGE

Doodle set the challenge of achieving a 14 day streak between 17th and 30th September, to kick start the new school year.

The idea was to see which class had the biggest percentage of people to complete the challenge.

Sycamore class won in both Maths and English! However, we have decided to celebrate the success of the individuals in all classes who completed the challenge:

Eva (Beech), Natasha (Pine), Aaron, Max and Zoe (Sycamore)

Show us your hobby

Violet was given her uniform and made an official member of the Brentwood Imperial Youth Band last weekend.

Violet plays clarinet in the band and her first 'gig' will be parading on Remembrance Sunday. She will then be performing for three nights at their Christmas concerts in December.

The band is open to all who are ten and up (Violet got early admission as her cousin is in the band!) and it is only £1 a week!

Science

Pine class studied changing states of matter this week in science. They put chocolate in water of different temperatures to see whether it would melt more quickly in water that was cold, warm or hot.

Willow class enjoyed a boat race to investigate water resistance this week. *"The boat needed a flat surface to float properly" Izzy. "The fan made the boat move more quickly through the water" Farley.*
